05232022-04

Discussion Item

Quarterly Review of the Retiree Health Care Trust Fund Performance as of March 31, 2022

Documents provided to Board prior to meeting: Staff Memorandum; Meketa Performance Report as of March 31, 2022

Kurt Braitberg, SFERS' Managing Director of Public Markets, introduced this item.

Mika Malone and Paola Nealon, of Meketa Investment Group, presented a written and oral report on this item.

Commissioner Marx asked how the return numbers are calculated given the contributions to the plan. She asked if they are included in rate of return calculations.

Ms. Malone responded that contributions are included in the market value, but from a performance perspective, a contribution does not increase the return for the period. However, the market value, as attributed to each underlying asset class in which it is invested, would have increased assets that may or may not be exposed to various areas. However, just because there are positive contributions does not mean there will be positive returns.

Commissioner Salem commented that in regards to rate sensitive fixed income investments, SFERS staff recommended and reduced the Trust's allocation to long term government bonds and increased the allocation to short-term TIPS .. Commissioner Salem asked what the process would be going forward and how does the Trust go back into long-term government bonds.

Mr. Braitberg replied that this move is infrequent and a tactical decision. There are a couple of things to look for, which include when do year-over-year inflation expectations begin to fall. Also to consider, the Fed is playing a delicate game of trying to raise rates at a time when growth is slowing. The second catalyst is if year-over-year inflation measures start to fall and the Fed will stop raising rates, then that would be the catalyst for putting the Trust back to policy targets.

Commissioner Salem asked how the Trust's portfolio has been holding up in the last two months since March 31, 2022.

Mr. Braitberg reported that it is more of the same in a negative way. The negative trends were magnified in April 2022 and May 2022 continues to be volatile.

Action: This was a discussion item only.

05232022-05 Discussion Item Small Cap Core Equity Search Update

Documents provided to the Board prior to meeting: Staff Memorandum; Meketa Investment Group Domestic Equity Small Cap Core Manager Evaluation

Mr. Braitberg introduced this item.

Mika Malone, of Meketa Investment Group, presented a written and oral report on this item.

Commissioner Petrucione asked how Meketa and staff evaluate and compare fund managers for SF RHCTF.

Ms. Malone responded that there is as much art and science in hiring managers, as well as personal subjective analysis of whether these managers are likely to hold up and produce strong results in the future. The Meketa team sits down with these managers and talk about their portfolios. Meketa will use these types of charts to ask good questions, such as, "Why did we see your tracking error increase over the last few years?"

Mr. Braitberg concurred with Ms. Malone saying that one does not want to be too prescriptive, but rather look at it as a mosaic of quantitative screens and qualitative observations.

**Action**: This was a discussion item only.

05232021-06 Discussion Item Trust Administrator Report

Documents provided to the Board prior to meeting: Staff Memorandum; Cortex Report Caryn Bornick, SFERS' Deputy Executive Director, presented this item.

Ms. Bortnick reported that City College District continues to provide SF RHCTF with employee contributions. At the start of FY 22-23, staff will reach out to CCD to ascertain when they plan to reinstate sending employer contributions.

Commissioner Murphy asked at what point are the Trustees of this entity obligated to hold CCD accountable because they are not in compliance with the governing structure created by the Trust.

Ms. Bortnick replied that hopefully the Board will not have to address that because CCD will resume its employer contributions. However, if not, the Board will have to enlist the help of it's City Attorney to figure out the remedy.

Commissioner Murphy requested to see the previous charter or opinion from the City Attorney explaining that the Board's only concern is the investments of the contributions.

Commissioner Marx suggested that staff communicate with CCD sooner rather than the end of FY 21-22 so that CCD understand the Trust's parameters and expectations.

Action: This was a discussion item only.

05232021-09 Discussion Item Good of the Order

RHCTF Board members may request that any matter be calendared at a future meeting. All such requests shall be calendared in a reasonable time. (RHCTF Board Operations Policy ¶17.) The Board will not discuss any items requested to be calendared until a subsequent meeting when the matter is included on the agenda with the required public notice.

Commissioner Marx asked for an update on staffing changes,

Ms. Bortnick reported that Jay Huish, Executive Director, will be retiring soon. The Board changed the position from executive director to a combined CEO and CIO position. They have hired Alison Romano,

Mr. Huish reported that the restructure also included a Chief Operating Officer, which Caryn Bortnick has filled.

Action: This was a discussion item only.
